

LED 2.7W Candle Lamp

DIMMABLE

KolourOne dimmable candle lamps are a direct replacement for incandescent chandelier bulbs and can be used with most standard type dimmer controls*. As an environmentally friendly product LED candle lamps contain no harmful toxins and emit no UV or IR radiation. The lamp's robust design is very durable and resists damage in the event of impact. A variety of color temperatures are available to meet many applications.

Features

- Replaces 15W Incandescent Lamps
- Dimmable*
- Unique second optic "cone shaped" lens design for better light diffusion
- Low power consumption = 80% energy savings
- Long "True" Life, 30,000 hours / High efficiency / Environmentally friendly
- Innovative design
- Available in White finish with clear or white glass
- No UV or IR radiation
- This product is registered with the US DOE Lighting Facts program
- 3 year warranty**

Applications

- Chandeliers
- Decorative lighting
- Home lighting
- Accent lighting

CLEAR LENS SPECIFICATIONS

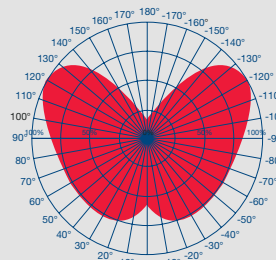

Parameter	Units	Spec.		
Power Consumption	W	2.7
